## Air Lock Saves 2nd Babe's Life

The ten-day-old son of Mr. and Mrs. Charles J. "Jack" Baird, Gettysburg R. 4, now has a normal chance to live to a ripe old age thanks to the Warner hospital's new air pressure lock.

The child is the second whose life has been saved by the machine since it was purchased by the Warner hospital auxiliary through funds raised at its recent benefit. Walter Deud, hospital administrator, said:

The Baird child, Daniel Scott Baird, was born prematurely on December 5 weighing four pounds three ounces. Because of the premature birth the child's lungs were not functioning properly. Doctors said the boy would not have lived more than 12 hours had it not been for the air pressure lock.

Forty-eight hours in the lock spread over a three-day period, permitted the lungs to begin functioning properly and the child is now developing normally, although still in the incubator because of its tiny size and premature development.

The youngster is Mr. and Mrs. Baird's second son.

## General Turner Lambasts Reds For Bargaining Tactics; Make No Progress With Peace Talks

Seoul, Korea, Dec. 15 (AP)—A substantially larger number of America's top jet fighter plane—the F-86 Sabre jet—are in action against the Communists over Korea, the air force disclosed today.

The 51st Fighter Interceptor Wing, which until two weeks ago was using obsolescent P-80 Shooting Stars, now is flying the tough, speedy Sabres, the air force said.

The new Sabres have shot down two Communist MIG jets and damaged six others in combat since December 1.

## Get More Jets

Until the 51st was re-equipped, the U.N. command's only Sabre jets in Korea were down by the veteran Fourth Fighter Interceptor Wing.

Lt. Gen. O. P. Weyland, commander of the Far East Air Forces, said the new Sabres were rushed to Korea aboard two aircraft carriers to meet the threat posed by increasingly large numbers of Communist jets.

## Allied Jets Shot Down One Red Jet and Damaged Six Others in Two Air Battles Over North Korea Saturday

Rear Admiral R. E. Libby said the subcommittees on prisoner exchange are right back where they started.

## Can't Make Progress

The two subcommittees will meet again Sunday at 11 a.m. (9 p.m. EST Saturday) in Panmunjom.

Libby said the Reds merely reiterated their demand that the U.N. Allies okh their plan for a bulk exchange of prisoners before turning over a list of the prisoners they hold.

## LUTHER M. LADY RE-ELECTED BY COUNTY BOARD

Luther M. Lady, Butler township school director, was re-elected president of the Adams County Board of School Directors at a meeting Friday evening at the office of the county superintendent of schools at the court house.

Other officers of the county board re-elected at the same time were Rowe M. Martin, Biglerville, first vice president, and M. S. Hershey, York Springs, second vice president.

Bills totalling \$424.65 in connection with the annual county convention of school directors were approved. The expenditures included \$100 for the speaker, Dr. Douglas Silverton, and \$248.25 for meals. The remaining expenses were for such things as printing, flowers, entertainment, minutes of the meeting, etc.

### Few Sign Orders

Only a few of the jointures have reported so far on the number of stop signs that will be needed for the bus routes, Superintendent Slaybaugh reported. The Lower Adams jointure has applied for 250 of the signs and Conewago township has ordered 16. Ray F. Reigelmeier, Harrisburg, low bidder for the signs, reported that 1,500 posts and signs are on hand for the county at present. Most of county board members expressed the opinion that final orders by the districts can wait awhile "because nothing can be done until spring anyway." The county board is acting as purchasing agent for the school bus stop signs for the various school districts in the county in order to obtain a lower price per sign by having one large order from the county.

Following the meeting the annual Christmas Ladies night dinner and party was held by the school board at the local Methodist church. Superintendent Slaybaugh acted as toastmaster for the event, with President Lady introducing the members of the school board. Attorney Richard A. Brown showed pictures taken by him during a visit to Europe this past summer. Mrs. Vernon Clapper and Mrs. Richard Lighter were in charge of entertainment.

## \$2,000 FIRE AT FOUNTAINDALE

Fire in the vicinity of the "little Pentagon" project at Fountaindale damaged a large storage building of the S. A. Healy company Thursday afternoon.

Workmen used bulldozers and other equipment in holding down the blaze until volunteers from the Blue Mountain Fire company at Blue Ridge Summit arrived to quell the flames. Two trucks were summoned to the scene.

A number of valuable tools were destroyed. The frame structure housed, in addition to the tools, a quantity of oil and grease.

### Blasts Rock Area

Several explosions shook the area when oil cans caught fire, but no one was injured.

Damage was estimated at \$2,000. The firemen, under the direction of Assistant Chief Roy Staley, used fog nozzle equipment in battling the blaze.

They succeeded in preventing the blaze from spreading to a large tank containing about 5,000 gallons of oil. Healy workmen, who discovered the fire, kept the blaze under control before the arrival of firemen by pushing dirt against the flames with the use of bulldozers.

Cinderling of highways and borough streets, started early Friday afternoon but soon abandoned as the snow grew deeper, was resumed today after the falling temperatures put a covering of ice on the roads.

### Crews Work All Night

The state's snow removal equipment — 19 plows and three graders — remained out throughout the night and will continue at work today even if no more snow falls. J. William Kendeheart, Jr., county maintenance superintendent said, Traffic was paralyzed in some areas.

One of the state's snow plows figured in one of the scores of accidents that occurred on county highways Friday afternoon and night. A car hit the rear of a state truck engaged in plowing the Emmitsburg

## NATIONAL GUARD HAS TEST ALERT IN SNOW STORM

Adams county's National Guard unit can assemble and be ready for action in a little more than one hour.

Officials of the unit found that out in the middle of Friday night's snowstorm when a surprise test alert called all of the members of the Cannon company in from their homes, or businesses, throughout Adams county and Hanover.

The test came as a surprise to the entire outfit, being flashed here from squadron headquarters. Local Guardsmen did not know whether other units of their squadron were alerted or whether the local company was the only one tested.

When the call came, the company swung into a plan previously established for an alert at any time.

### Report To Trucks

Designated men started calling the National Guard members throughout the county while drivers began warming up half trucks, trucks, jeeps and other equipment to round up the men. The vehicles moved to previously designated centers in Littlestown, Hanover, Biglerville and other sections of the county where they met the members of the company residing in those sections.

The men, when alerted at home, or elsewhere, reported to the sites where they were to be met by the vehicles.

In a little over an hour, Lt. Donald Doersom, commanding officer, said, the members of the unit were at the local armory ready for whatever duty they might be called to perform.

Doersom said the test proved the workability of the company's plan for mobilizing quickly. A previous test, in which the men had prior notice that they would be called, was held some time ago.

(By The Associated Press) Cold Blast Strikes

A blast of sub-zero cold struck areas from the Rockies to the mid-west today and the coldest weather of the season was in prospect for most of the country.

The biting cold came on the heels of a fast-moving snowstorm which yesterday dealt damaging blows and inconvenienced millions from the midwest to the north Atlantic states.

At least 27 persons died from causes attributed to the mid-December snowstorm, which left record falls in many areas across the north-eastern quarter of the country. The wind-swept snowfalls disrupted

## County Couple Brings Crash Suit

A crash of motor vehicles in Hanover on June 10 of last year is the cause of a suit filed in York county court by Lewis S. Jacobs and his wife, Lois E. East Berlin, against James W. Bollinger and Jeanne M. Funk, Hanover. The claim is for \$6,332.60.

The claim avers that while the Jacobs car was legally halted on Chestnut street in Hanover, to permit traffic to pass on Broadway, the Bollinger car, driven by Jeanne M. Funk, turned right and crashed into it. Mrs. Bollinger was also injured.

The claim includes \$5,000 for pain and suffering of Mrs. Jacobs; \$1,000 for the husband for loss of his wife's assistance and society; \$179.35 for damage to the Jacobs car and \$163.25 for hospital and doctor bills.

## General Turner Lambasts Reds For Bargaining Tactics; Make No Progress With Peace Talks

Seoul, Korea, Dec. 15 (AP)—Substantially larger numbers of America's top jet fighter plane—the F-86 Sabre jet—are in action against the Communists over Korea, the air force disclosed today.

The 51st Fighter Interceptor Wing, which until two weeks ago was using obsolescent F-80 Shooting Stars, now is flying the tough, speedy Sabres, the air force said. The 51st is commanded by America's top flying ace, Col. Francis S. Gabreski, Oil City, Pa.

The new Sabres have shot down two Communist MIG jets and damaged six others in combat since December 1.

### Get More Jets

Until the 51st was re-equipped, the U.N. command's only Sabre jets in Korea were flown by the veteran Fourth Fighter Interceptor Wing.

Lt. Gen. O. P. Weyland, commander of the Far East Air Forces, said the new Sabres were rushed to Korea aboard two aircraft carriers to meet the threat posed by increasingly large numbers of Communist jets.

Allied jets shot down one Red jet and damaged six others in two air battles over North Korea Saturday.

Fifth Air Force said one U. S. F-86 Sabre jet was damaged. In the most damaging fight, 14 MIGs jumped 24 Thunderjets over Yangdok, about 30 miles west of Wonsan on the east coast. The Thunderjets blasted one of the outnumbered MIGs out of the sky and damaged five others. The Thunderjets returned unscathed.

At almost the same time, 43 Sabre jets battled 50 Communist planes over MIG Alley. The fight was a draw, with damage scored against one plane of each side.

Fifth Air Force announced it lost 13 planes this week, largest number announced for a seven-day period.

Can't Make Progress

Rear Admiral R. E. Libby said the subcommittees on prisoner exchange are right back where they started. "The net gain was zero, paragraph one. This is where we came in. No progress at all," he said.

Libby said the Reds merely reiterated their demand that the U.N. Allies okeh their plan for a bulk exchange of prisoners before turning over a list of the prisoners they hold.

U.N. negotiators, on the other hand, insisted that data on prisoners and prison camps be disclosed as the first order of business.

## Here And There

News Collected At Random

It's winter outside—cold, snowy winter.

Watch out. You're really in danger. Slippery streets and reduced visibility increase traffic danger for motorists and pedestrians alike.

How to stay alive? Check your car, and your own driving habits, against these winter safety tips:

1. Do you drive at "skid-proof" speed? If your car skids when you apply the brakes, you're driving too fast. Jamming them on can lock the wheels and throw your car into a dangerous skid. Remember that winter conditions can make the safe speed much lower than the legal, posted limit.

2. Do you use chains?—They reduce braking distances on ice and snow as much as 50%. That extra distance saved can save your life.

3. Have you an efficient defroster? Reduced visibility is a major cause of winter traffic accidents, and a frosted windshield is a major cause of reduced visibility.

4. Headlights faulty? Increased hours of winter darkness mean extra duty for your car's "eyes." You've got to see danger to avoid it. Check your lights and battery.

5. Windshield wipers bad? Make sure your wipers sweep the windshield clear. Bad wipers can rub you out some dark, stormy winter's night.

Take these five hints and stay alive. And remember—good intentions aren't enough; take immediate steps to follow these tips.

## Reports Wage Boost For Handicapped

Wages increased some 350 per cent for 2,929 handicapped Pennsylvania residents during the past year after their retraining and preparation for jobs by the State Bureau of Rehabilitation.

Roy E. Zinn, Gettysburg, manager of the bureau's Harrisburg district, said that before vocational rehabilitation was started for the 2,929 persons their wages totaled \$120,000, but that after they were given the retraining services provided by the bureau, their annual earnings increased \$550,000 or approximately \$1,936 each.

The annual earning power of commonwealth residents was increased by approximately \$4,300,000, Zinn said, as a result of the increased wages of these rehabilitated persons.

Munsan, Korea, Dec. 15 (AP)—A United Nations command truce negotiator today accused the Communists of trying to win at the conference table what they could not win in battle.

Other U.N. delegates reported "no progress at all" in today's prisoner exchange negotiations.

Maj. Gen. Howard Turner lambasted the Reds after rejecting a six-point Korean truce supervision plan calling for limited troop rotation.

"You seek to gain through negotiation what you could not win through fighting. You seek to avoid through negotiation what you could not avoid through fighting," he said.

### Talks Realities

"In accepting the restrictions advocated by the United Nations command, you would merely accept a continuation of limits on your military capabilities which exist today as a result of U.N. command military operations."

"We are not talking as a victor over the vanquished. We are talking military realities on which this armistice must be based," Turner continued.

Negotiators appeared deadlocked both on plans for policing an armistice and exchanging prisoners of war, despite earlier indications that compromise solutions of both thorny problems might be near.

The two subcommittees will meet again Sunday at 11 a.m. (9 p.m. EST Saturday) in Panmunjom.

Rear Admiral R. E. Libby said the subcommittees on prisoner exchange are right back where they started.

"The net gain was zero, paragraph one. This is where we came in. No progress at all," he said.

Libby said the Reds merely reiterated their demand that the U.N. Allies okeh their plan for a bulk exchange of prisoners before turning over a list of the prisoners they hold.

U.N. negotiators, on the other hand, insisted that data on prisoners and prison camps be disclosed as the first order of business.

LOWER PRICES  
PAID FOR 4-H  
BABY BEEVES

A sliding beef cattle market forced 4-H club boys and girls, including 16 Adams countyans, to take lower prices for their steers Thursday at the 10th annual southeastern district 4-H Baby Beef club auction at Union stockyards, Lancaster.

The 411 baby beefs brought a total of \$165,182.11. The average price per pound with the champions included was \$38.39 cents and without the champions was \$38.22 cents.

Adams county beefs sold at about average figures. A steer owned by Barry Breighner, Littlestown P. 2, sold at 39 cents a pound. Five others were sold at 38.5 cents a pound.

**Record Number This Year**

Last year 399 baby beefs were sold for \$121,062.99, an average of 39.19 cents a pound. The 1949 sale average was 42.18 cents. The 1949 average set an all-time Lancaster 4-H sale record.

Pennsylvania State College livestock specialists believed that the large number of beef cattle up for sale at Thursday's auction might have had something to do with the lower prices, although beef cattle prices have been dropping for the past week. This year's show had more than a third more cattle than ever before.

The 1951 baby beef champion, "Amos," owned by Richard Hess, of Strasburg R. 1, brought 85 cents a pound. The total price for the 111-pound Angus steer was \$947.75.

**Adams County Prices**

Results of the sale of the Adams county beefs follow: Alice Breighner, 1,045 lbs., 37¢; Kenneth Nace, 1,163 lbs., 38¢; James Barlow, 960 lbs., 38¢; James Reichert, 1,065 lbs., 38¢; Mary Wetzel, 1,095 lbs., 38¢; Barry Breighner, 1,030 lbs., 39¢; John Todd, 990 lbs., 38¢; Jane Breighner, 995 lbs., 38¢; Dale Dieckman, 1,035 lbs., 38¢; Barton Breighner, 1,000 lbs., 38¢; Evelyn Breighner, 1,050 lbs., 38¢; Richard Walton, 960 lbs., 38¢; Dorothy Wetzel, 910 lbs., 37¢; Malvalene Nace, 1,185 lbs., 38¢; Raymond Swope, 1,170 lbs., 38¢; and Dean Nace, 1,150 lbs., 38¢.

Two countyans won cash prizes for their steers. Richard Walton received a \$7 award for placing seventh in the Angus, light medium class and Barry Breighner won \$4 for placing 15th in the Angus heavy medium class.

transportation and communications in scores of cities.

**Sub-Zero Readings**  
Temperatures dipped to far below zero early today in Montana, Minnesota and North Dakota, as the frigid blasts swept across the Canadian border. It was -23 at Miles City, Mont., and -21 at International Falls, Minn. Dickinson, N. D., and Lewistown, Mont. It was zero in Denver, 4 above in Elko, Nev., and 2 above in Chicago.

The colder weather was headed for most sections of the country, including wide areas of the south. Readings of 15 were predicted for areas in Tennessee and 20 above in central Alabama. New York forecasters predicted a sharp drop to around 15 above tomorrow.

(By The Associated Press)  
Pennsylvania communities and the state's highway department hurriedly cleared thoroughfares today to prevent the hazardous freezing of snow and slush by predicted falline temperatures.

Philadelphia had another problem resulting from yesterday's snowfall—the most crippling in recent years from a traffic standpoint. It was getting stalled automobiles out the streets and keeping main thoroughfares open. Many drivers abandoned their vehicles after spending hours trying to reach their destination. The tieup lasted into the small hours of the morning on many roads leading to suburban districts.

**Predict Cold Spell**  
The weatherman didn't offer much in the way of pleasant news. He predicted winds with snow or snow flurries would hit most of the state and the thermometer would fall to around 10 degrees in the west portion and to 15 in the east portion. The cold would continue tomorrow, he reported, with cloudy skies giving the sun little opportunity to melt any snow which has fallen.

The Friday snowfall ranged from about four inches in the west to five in the east and south portions. Harrisburg had 6 1/2 inches before sleet and freezing rain fell. Some parts of the Pocono mountains got more than six inches.

A Philadelphia got five inches before it began drizzling. But the downfall started in mid-afternoon. Its timing was devastating.

**HOSPITAL REPORT**  
Admissions: Mrs. Vernon Hare, Fairfield; Mrs. Guy McChes, Cascade, Md.; Mrs. John Thomas, Gettysburg R. 3; Mrs. J. Henry Donahar, Biglerville; Mrs. James Logan, Gettysburg R. 4; Mrs. Mary D. Wolf, Gettysburg R. 3; Dr. Raymond T. Stamm, Springs avenue; Mrs. Ross White, Gettysburg R. 3; Mrs. Fred Gormley, Steinwehr avenue; David Harpne, a student at Gettysburg college; and Florence Black, Biglerville R. 1.

Discharges: Mrs. Harold Sharpe, 526 Hillcrest place, and Mrs. David Greason, Littlestown.

When he had finished, Italian Finance Minister Giuseppe Pellia credited the general with bringing "a great serenity" to the discussion.

IKE SCOLDS  
NATO GROUP

Paris, Dec. 15 (AP)—General Eisenhower bluntly warned rebellious West European nations today that to have security they must increase their military spending.

The supreme Allied commander made a personal appearance before the treasurers of the North Atlantic Treaty Organization (NATO). A spokesman said he told them:

"Unless we get ahead" with a planned buildup of forces "we'll never achieve the serenity and confidence to which Western Europe and the rest of us are entitled."

He went before the 12-member NATO temporary committee as some European nations were said to be balking against the committee's request for increased military budgets, in some cases running as much as 50 per cent.

"By carrying on," Ike was quoted as saying, "We can reach a point where it would be foolish for an enemy to attack." Only then, he added, "can we start thinking of lightening the defense burden."

Eisenhower spoke openly and frankly for more than three-quarters of an hour, and then spent about the same amount of time answering their questions, a spokesman said.

When he had finished, Italian Finance Minister Giuseppe Pellia credited the general with bringing "a great serenity" to the discussion.

RANDOM NOTES ON HEDGES

In this part of the country hedges serve chiefly in two main roles — strictly ornamental or for division purposes. Occasionally these aims are combined and the "fencing" hedge becomes an object of rare ornamental value. Too long have most Americans blindly chosen and planted barberry or privets for hedges, failing to consider the many other attractive and hardy shrubs and vines useful in this important role.

It is not always necessary or advisable to choose a hedge that requires pruning. One of the most beautiful hedges available is the large yew family. Particularly are the Japanese and the newer Hatfield yews excellent when allowed to grow without pruning. In fact, pruning in the unsightly "lunar" manner finds justification only where a formal atmosphere is desired. And this is truly rare.

For small walk borders where formality is in order, especially in small areas or where the walk is short from the house to street or highway, Japanese boxwood or the dwarf English box may be effectively used. Always in these cases of formal management the hedge is not allowed to grow tall or wide.

For a winding concrete, brick or gravel driveway it may be wise to select a vine instead of a shrub for hedge purposes. For example the small Wintercreeper, listed as Euonymus koreensis, is ideal. Or one of the English ivies may be used and either kept under control by rigid pruning.

Among the newer shrub hedge plants is a welcome member of the Viburnum genus, better known erroneously as Snowballs. This low-growing species is listed in nursery catalogues as Viburnum opulus nanum. It does not grow higher than two feet and requires no pruning, although clipping may be practiced. It is one of the better hedge plants for rather heavy clayey soils and may be used in partial shade.

If forsythias are kept properly under control by pruning them back after the flowering season, they make an excellent informal hedge. Particularly is this hedge a thing of rare beauty in late winter with its edge of golden flowers when most other plants are still dormant. And too, where it is not allowed to grow unpruned, forsythia bears a fine crop of decorative foliage until mid autumn. It perhaps grows more vigorously under adverse conditions than any other informal hedge plant.

In informal parts of the home grounds the Firethorn, better known as Pyracantha, may be adopted as a hedge. In late fall and winter it presents a golden mass of fruits. Aerial control of spread is advisable or this shrub will attain ungainly heights.

If a few Snowberry plants (Symphoricarpos) are included among the pyracanthas, the contrast of white and orange-colored fruits become an attractive winter feature.

The sumacs are neglected for in part hedge purposes. And while some of them attain tree-like heights, others are lower growing and most of them may be controlled. Late summer and fall foliage coloring is an added merit of the sumacs.

Rosa rugosa is catching on as a flowering hedge. It may be used for driveway borders as well as division hedges.

It is always wise to choose a hedge plant that need not be seriously deformed by pruning in order to keep it low. In such cases why not choose a low-growing sort to begin with?

CONGRESSIONAL  
REDISTRICTING  
HITS NEW SNAG

Harrisburg, Dec. 15 (AP)—Congressional reapportionment plans were snarled anew today by a dispute among Senate Republicans over abolishment of a third congressional district.

Pennsylvania must cut its congressional delegation from 33 to 30 in accordance with population changes revealed by the 1950 census.

A Senate GOP caucus yesterday already had tentatively agreed to abolish seats held by Reps. Vera Buchanan, McKeesport Democrat, and Joseph L. Carrig, Susquehanna Republican.

**Planning Hits Snag**  
But planning struck a snag over whether to remove a seat in central Pennsylvania, Philadelphia or southwestern Pennsylvania.

The proposal to split the Fayette-Somerset county district brought strenuous opposition yesterday from Rep. Edward L. Sittler, Jr., of that district.

While the newly-proposed change would strengthen the GOP-dominated district of Rep. Richard M. Simpson, Huntingdon Republican, it virtually would nullify Sittler's reelection chances.

The plan would throw Fayette county into the heavily Democratic Washington-Greene district and align Somerset county with Simpson's district. Said Sittler: "We're working very hard to build strength and seniority for the congressman of the 23rd district (Fayette-Somerset). To separate Fayette from Somerset will weaken the situation terribly. Naturally, I hope this plan of reapportionment is not accepted." Sittler told a newsman.

Vice Chairman A. H. Letzler (R-Clearfield) of the Senate Reapportionment committee said his GOP colleagues reached no agreement on the issue during a two-hour caucus yesterday.

Letter to the Editor

Orrtanna, Penna.  
December 13, 1951

Dear Sir:  
About six weeks ago an effort was made to secure a meeting place for the Teen-Age boys and girls. — A place where they could hold dances and many and varied other social get-togethers. — The IDEA was to have such a meeting place so they wouldn't be lured by the bright lights of taverns and other such places out-of-bounds.

The big problem was — How to meet the rent bill.  
The plan I have in mind — Present the case to the merchants and other people in the county and let a merchant or individual be a SPONSOR for a certain month's rent.

I believe that the merchants of the county would get in line and support this plan. It would be a privilege for any individual to patronize a merchant who held high the promotion of High Ideals For Our Youth.

Hoping that this suggestion will be given kind consideration  
I remain  
Very truly yours,  
JAMES U. NEELY

# COMPROMISE ON LOYALTY OATH BILL IS SOUGHT

**Harrisburg, Dec. 14 (AP)—**A bipartisan House committee Thursday tackled the job of composing disagreements over the long-disputed Pechar loyalty oath bill.

Rep. Charles C. Smith (R-Philadelphia) Republican floor leader, said no report is expected from the committee until next Monday.

The bill would require loyalty oaths by all state, county and municipal workers including school teachers. Controversy over its many features has split the ranks of both political parties.

**Decide On Delay**  
The bill, already passed in the Senate, was scheduled for final House passage Wednesday but another delay was decided upon in an attempt to reach agreement between the two parties.

"We all want this bill to be in its proper form and we know by reaching such an agreement we will have a better bill," said Smith.

The committee, including three Republicans and three Democrats, has been working after the two parties failed to muster sufficient strength

within their own ranks to take a unified stand.

## Two-Party Committee

Members include Reps. Ivan C. Watkins, Schuyler; James N. Robinson, Delaware; Edwin W. Tompkins, Cameron, all Republicans; Harry C. Adams, California; Harry Sawyer, York; and Albert S. Readinger, Berks, all Democrats.

Smith's suggestions of appointing the committee was accepted by Andrews, Democratic floor leader, who agreed to hold off Democratic attempts to alter the much-amended bill once again. The measure was amended only this week to broaden court appeal rights of persons discharged for alleged subversive activities. Andrews had indicated attempts may be made to alter the amendments.

The bill, sponsored by Sen. Albert R. Pechar (R-Armstrong), is supported by state veterans organizations and by Gov. John S. Pine. Opposed to it are the state CIO, teachers groups, college instructors and civil rights organizations.

## DISTINGUISHED NAMES

**Rockford, Ill., Dec. 14 (AP)—**Herbert Hoover and John D. Rockefeller soon will be in the army. Herbert E. Hoover, Jr., of DeKalb, Ill., enlisted yesterday at the Rockford recruiting office. Later, John D. Rockefeller applied for enlistment. Neither is related to the national figures for whom they are named.

## THANK GOD FOR AMERICA

Mrs. De Nelson, 38 East Middle street, a daughter of a Union veteran, wrote the following poem with reference to the erection of a Lincoln statue in Little Square.

Thank God for America  
and for Lincoln, Square  
Let us all join together  
And make it a big affair

Hundreds are thousands visit here each year  
And leave with a smile and a cheer  
Abraham Lincoln, the Great Emancipator  
Leaves us with the Greatest Historical Square in the world today

So we will place a statue in the Square  
Then we can feel we have done our share  
So we all can meet in the Sweet Afterwhile  
Thank God for America

**Washington, Dec. 14 (AP)—**The Defense Department has identified 80 additional battle casualties in Korea. A new list (No. 459) reported 11 killed, 40 wounded, 17 missing in action and 12 injured. It also listed two new dead who were previously reported missing.

## WARRIORS NIP RED LION FOR INITIAL WIN

Gettysburg high school's cagers gained their first triumph of the season Friday night by defeating Red Lion 51-41 in a hard fought game on the Lions' floor.

The heavy snow storm and road conditions delayed the Warriors on their trip and they were two hours late in arriving at Red Lion. As a result it was decided to stage a 10-minute jayvee game between halves, Gettysburg leading 7-5 in the abbreviated contest.

The Warriors did not leave Gettysburg until 6:50 o'clock because the bus which was to take them was delayed on a trip here from Harrisburg. No trouble was encountered in the trip to Red Lion and local officials lauded the driver, Alvin Bupp, for his careful driving under hazardous conditions. Whereas cars were stalled at many spots, the heavy bus went through easily.

It was pointed out today that one reason the trip was made was due to the scheduled formal dedication of Red Lion's fine new gymnasium which seats 1,400. The dedication, however, was called off when only a few hundred fans braved the elements.

Thanks to an 18-point lead piled up early in the fourth period by the Warrior regulars, the reserves were able to hang on to the lead although the Lions rallied strongly at the finish.

The Warriors were held on even terms throughout the first half and at intermission held a scant 21-20 margin. A 15-point third period gave the Porney-men a margin they held until the finish.

Dick Harriel and Jack Bream were the big point men for the Warriors, the former landing 19 points and the latter 18.

Gettysburg took a 10-9 lead in the first period via a pair of goals by Bream and single twin-pointers by Skinner, Swope and Williams. Each team collected 11 points in the second frame, Gettysburg's coming on another pair of goals by Bream, two by Swope and a goal and foul by Harriel. Stiller landed three goals for Red Lion and D. Stine two during the stanza.

**Take Big Lead**  
Paced by Harriel who hit for four double-deckers and a foul, the Warriors surged out in front in the third period 36-28.

Both coaches made free use of their reserves in the last quarter, all 12 Warrior squadmen breaking into the lineup.

D. Stine, lanky Lion center, landed a half dozen goals to spark the Red Lion attack.

The Warriors have two games listed on foreign courts next week, playing Delone at McSherrystown Tuesday night, and York on the Bearcats' floor Thursday.

## HEAVY SNOWFALL HELPS HUNTERS

(By The Associated Press)  
The special two-day doe season closed today with six inches of snow aiding hunters in their quest. At least two fatalities were reported.

The driving snowstorm which blanketed the state yesterday gave the nimrods something to work with during the day. They could track the doe and have a better chance for the kill.

No statistics were immediately available as to how many nimrods were in the field or whether the kill was heavy or light. The state Game commission usually does not have figures on the kill until after the season has been completed.

A heart attack suffered after he shot a deer killed Grover C. Nicholas, 65, of Jamestown, Mercer county. Frank L. McManus, 73, of Warren died of heart attack after returning from a hunting trip.

Washington, Dec. 15 (AP)—Charles Oliphant testified Friday that Henry W. Grunewald once told him he was helping Senator Bridges (R-N.H.) in a tax case involving another person. Testifying before House tax investigators, Oliphant said the case involved a jeopardy tax assessment against H. H. Klein of Baltimore. Oliphant said Bridges made some inquiries of him about the case.

## Sports Roundup

By HUGH FULLERTON, JR.  
New York, Dec. 15 (AP)—Couple of bowl predictions by gents who are pretty hep to collegiate politicking:

1. That the Southern Conference is heading for a bust-up, possibly as a result of this week's debate over the Maryland-Clemson bowl acceptance.

2. That the business of banning bowls won't even come up for a vote at the NCAA convention, contrary to the conclusions reached by this dept. after assorted official frowns on post-season games.

One gent believes several of the bigger Southern Conference schools are willing to let the loop fall apart because they believe it is too large and unwieldy. They'll get together later and form a compact organization.

**TWO-LETTER MAN**  
Four years ago when freshman Art Hudson reported to the junior varsity football squad at Western Illinois State college, he told the coaches and players just to call him "M. V. Hudson."

Asked what the initials stood for, Art gaggled: "most valuable." Last fall Hudson, as a 190-pound senior fullback, led the Western Illinois team as fullback and was unanimously tabbed for the all-conference team and as the most valuable player on his club.

**WEAK END NOTES**

Four of five starters on the Duke U. basketball team will hail from Pennsylvania and four of 13 members of the U. of Mississippi squad come from one town—Jasper, Ind. Joe Lapchick, who has seen plenty of great pro players, tabs Boston's Bob Cousy as "the greatest single attraction in the game today."

After that 21-21 tie between Harvard and Yale, Lloyd Jordan, Harvard coach, claimed the city of Cambridge was divided the "he shoulda" and the "you shoulda" schools of thought. The guys who said "he," Lloyd explained, were the ones who hadn't seen him personally.

## DETROIT NEEDS WIN FOR TITLE

New York, Dec. 15 (AP)—The National Football league winds up its 32nd season tomorrow, with a chance for the Detroit Lions to win their first division crown since 1936. There also is a possibility of a tie which would require a playoff.

Detroit, topping the National conference with a 7-3-1 record, meets the 49ers in San Francisco, and a Lion victory would assure them the right to meet the Cleveland Browns in the title game December 23.

Cleveland, the 1950 league champions, clinched the American conference title last Sunday by defeating Pittsburgh. If the Lions can beat San Francisco, they'll meet Cleveland for the championship next Sunday at Detroit.

This might take some doing, for San Francisco defeated the Lions in Detroit two weeks ago, 20-10. Detroit defeated Los Angeles 24-22 last Sunday in a 24-22 thriller, dropping the Rams into a second-place tie with the Chicago Bears.

The Bears meet the Chicago Cardinals at Wrigley field tomorrow, and the Green Bay Packers are at Los Angeles. A victory by Los Angeles and the Bears, plus a defeat for Detroit, would put the Rams and Bears in a tie and force a conference play-off December 23. San Francisco still has a slim chance, with a 6-4-1 record. If both Los Angeles and the Bears lose, the 49ers could tie Detroit for the lead by beating the Lions.

The other teams wind up this way: Cleveland at Philadelphia, New York Giants at New York Yanks, Pittsburgh at Washington.

## MARYLAND AND CLEMSON PUT ON PROBATION

Richmond, Va., Dec. 15 (AP)—The University of Maryland and Clemson college will play in football bowl games on New Year's Day at the cost of becoming athletic outcasts of the Southern conference.

Because they accepted the bowl bids without conference premission, both institutions last night were placed on one-year probation by delegates to the league's most controversial meeting.

The probation forbids any other conference team to meet either Maryland or Clemson in football during 1952 season. Six games thus were removed from Maryland's schedule for next autumn and five from Clemson's.

**Loss Voting Rights**  
In addition, the punishment—inflicted by a 12-5 vote after stormy debate—deprives the two colleges of any vote in conference matters during the calendar year 1952.

Officials of both "untouchable" institutions said they were profoundly shocked at the conference action. But they said they expect little difficulty in filling the gaps in their football cards.

"We can find four or five, easy," said Frank Howard, Clemson coach whose team will play in Jacksonville's Gator Bowl on Jan. 1 against Miami (Fla.) university.

"I don't think we will have much trouble," remarked Dean Geary Epley of Maryland. Maryland faces Tennessee in the Sugar Bowl.

The two colleges, Maryland and Clemson, were still unrepentant after probation had been ordered.

## KID GAVILAN WINNER ON TKO

New York, Dec. 15 (AP)—Cuban Kid Gavilan plans to follow up last night's stunning technical knockout win over Walter Cartier with a Miami defense of his welter title against Bobby Dykes.

Dykes and Gavilan are already signed, said Al Weil, International Boxing club matchmaker. "Jim Norris (IBC president) is going down there today to complete arrangements." The tentative date of the Miami match is late January or the first week in February.

As for Charles Humez of France the European champ, Gavilan said "I will fight him. I will fight anybody."

Angel Lopez, Gavilan's manager, claimed he had no word from the National Boxing association about forcing the Keed to sign for a defense within 10 days. Humez might come next, if anything goes wrong with the Dykes match, but in New York No Paris for Gavilan.

Some 6,253 fans braved snow and rain, paying \$23.637 to see the non-title match between Gavilan and Cartier, a heavy punching middleweight from New York's Greenwich Village. Trailing on the cards of two officials, Gavilan staged a blazing rally to win on a technical knockout over blood-spattered Cartier in 1:31 of the tenth round at Madison Square Garden.

## PENN PUSHES BATTLE ON TV

New York, Dec. 15 (AP)—The University of Pennsylvania will carry its fight for uncontrolled television of college football games onto the floor of the National Collegiate A. A. convention at Cincinnati next month after suffering a setback in the Eastern College Athletic conference meeting here.

Penn's proposal that ECAC members should be permitted to make their own television arrangements was tabled when it was presented to the conference meeting yesterday. Shortly afterward a resolution by the conference television committee, which said essentially that the colleges should wait until the NCAA reaches a decision, was passed by the few delegates who remained to the end of a five-hour session.

Although they postponed definite action on television, asking only that the members make no commitments until the NCAA takes final action, the eastern colleges adopted a threatening attitude in a resolution which said in part that they would not engage in competition with any colleges which does not conform with the NCAA plan when it is formulated.

The long TV debate came after the conference had expressed disapproval of football bowl games and of post-season championship contests not operated by collegiate groups; had approved a committee to study practices on such things as length of seasons, out-of-season practice, etc., and had made minor changes to tighten up its eligibility rules.

Washington, Dec. 15 (AP)—Charles Oliphant, resigned chief counsel of the Internal Revenue Bureau, admitted Friday he tipped off T. Lamar Caudle that his income tax returns were under investigation by Senator John Williams (R-Dea.). He conceded to a congressional committee that he let a tax prosecution case drop at the bequest of a congressman. He said he did it despite word from his own boss that the case should be pressed.

## CHRISTMAS PARTY PLANNED

The Brushtown Athletic association and its auxiliary will hold a Christmas party Sunday at 2 p.m. in the new association building for members and their families. There will be an exchange of gifts among the adults. Santa will distribute treats for the child. A paper bag social also is planned.

Radioactive cobalt is sometimes substituted for radium in medical treatments.

## BULLET TILT, 4 MORE CALLED DUE TO STORM

Gettysburg and Hofstra colleges' unbeaten basketball teams failed to get together for their much anticipated game Friday night here, traveling conditions preventing the visitors from reaching town until late in the evening with the result the game was cancelled.

Traveling in three autos, the Flying Dutchmen became stymied on the hill south of Dillsburg. One car load managed to get through and reached Gettysburg at 8 o'clock. However, the other two cars could not get here until 9:35. A number of the players showed the effects of having been forced to push their cars from slippery spots.

This morning at 9 o'clock the Bullet squad left for Pittsburgh to meet Carnegie Tech's fine outfit tonight.

Hofstra also left town this morning to keep an engagement with the University of Virginia at Charlottesville.

Four other games of local interest were cancelled due to the snow-storm and traveling conditions. Included were Delone at Hanover; East Berlin at Spring Grove; York Springs at Shippensburg; and Bridgewater college at Mt. St. Mary's.

The Gettysburg-Navy practice wrestling bouts scheduled to be held at Annapolis this afternoon were called off this morning.

Fridinger paced the losers with 13 points while Kinnard collected 24 for the victors.

## Attorneys Block Basketball Probe

Lexington, Ky., Dec. 15 (AP)—How to induce some University of Kentucky players to testify they were in a basketball fix puzzled investigators from the New York district attorney's office today.

Vincent O'Connor, assistant district attorney announced last night that "other" U. K. players are involved in a scoring fix, presumably in a game played last season.

But the players have attorneys who won't permit them to be questioned by O'Connor because O'Connor has no warrants for their arrest and no proof they are involved. The attorneys are John Young, Brown, a former U. S. congressman, and Elmer Drake, both of Lexington.

O'Connor said he is "hopeful" the players under question "will come over to the side of law and order." He said the point shaving was "hatched" in New York but the negotiations were completed in Kentucky where there is no sports bribery law. O'Connor indicated he has the evidence against New York fixers but needs the Kentucky players as proof that a bribe was paid. He said the players will not be prosecuted.

New York, Dec. 15 (AP)—The snow and rain that swept the Atlantic seaboard and parts of the mid-west played havoc with gate receipts at sports events last night. And one event, an Eastern Hockey league game at Washington, was postponed because of snow.

Melbourne, Australia, Dec. 15 (AP)—America's Davis cuppers put the finishing touches on their one-sided walloping of Sweden in the inter-zone final today as Ted Schroeder and Tony Trabert repeated their singles victories of opening day.

## THE LITTLE COURTESIES

To me the little courtesies of every day life grow bigger the longer I live. Their significance is striking when we find these courtesies where we least expect them. You see we look for them as a matter of course among those of our kind, but even there they are all too many times lacking, so that when we discover them otherwise, their importance is emphasized and we are made to feel our own sense of neglect.

The cheerful "Good Morning" and "Good Night," the "Thank You," the "Please," and the "I'm Sorry"—each weaves itself into a kindly fabric of character conduct. Courteous waiters in an eating place, clerks in a store, or salesmen on the road, all carry with them and their personalities, something that invites or repels, something that marks them for advancement or something that marks up a loss to those whom they serve.

In St. Louis there is a great department store that celebrates each year its "Courtesy Day"—and I am of the opinion that such a store can be depended upon to celebrate such a day every day of the year. I believe on that day every employee wears a white carnation! The further to emphasize the importance that this store places upon courtesy.

We never know when we are serving someone of great importance. That's why we should be courteous to all, no matter how humble that person might appear. I recall the instance of a wealthy New York man who visited a boys' camp, and the boys were so nice and kind to him—he was a cripple by the way—that when he got back to his home he made out a check to build a new boat-house, and for some other things that the camp seemed to need, in appreciation for the courtesies rendered him on his visit.

Many a business has been built to great success with little more than courtesy as an initial capital. We return, again and again, to the store where we are treated with courtesy, and tell others to trade at such a place. Courtesy is contagious, too!

## Just Folks

THE HUMBLER VICTORIES  
I wonder how it came about  
That riches are the stamp of  
worth,  
And strength by fame is singled out,  
Instead of friendliness and  
mirth?Why should the winners get the  
praise,  
Because a certain line they  
crossed,  
When better men in many ways  
Have fairly played the game  
and lost?Success and failure? Shams are  
they  
Merely by gains and losses  
scored,  
For many a gentler spirit may  
With rare devotion serve the

SILVER STAR FOR  
GALLANTRY TO  
PENNA. OFFICER

With the 24th Infantry Div. in Korea, Dec. 15 (AP)—Capt. Horace W. West of Hall Square, Nazareth, Pa., who refused to leave his men although wounded nine times, was recently awarded the Silver Star for gallantry in action.

Capt. West merited the nation's third highest combat decoration while serving as commanding officer of the 5th Regimental combat team's Company A.

On April 25, Company A was ambushed in the vicinity of Pisigol, Korea. Captain West ordered his men from their trucks and led an assault against Communist forces dug in on ridges overlooking the road. The attack failed and the company was forced to withdraw after inflicting heavy casualties on the enemy. Twice wounded and bleeding profusely, West ordered a defense perimeter established. As Red forces counter-attacked down the ridge, West suffered seven more wounds while directing the defense. He refused medical aid and continued fighting until several of his men overpowered him and removed him from the battle area.

His citation concludes: "Captain West's intrepid leadership, selfless devotion to duty and indefatigable tenacity in the face of overwhelming odds reflect the highest credit on himself and the United States Infantry."

His wife, Marguerite, lives at the Nazareth address.

Washington, Dec. 15 (AP)—John Stewart Service, long a controversial figure in American diplomacy and a target of pro-communism charges, was fired by the State Department Thursday. The department added after the government's highest loyalty review board ruled there was a "reasonable doubt" as to his loyalty.

The ruling, dating back to the famous "Amerasia" case of 1945, was based on the board's finding that Service gave secret documents at that time to a magazine editor the board said Service suspected of Communist leanings or connections.

In reaching its decision, the review board reversed a finding of a State Department's own loyalty security board which had been favorable to Service on the basis of the same evidence.

A State Department announcement of the dismissal, which becomes effective at the close of business today, expressed no agreement with the review board's conclusion. It made clear that the department had no choice in the matter in view of that conclusion.

Service himself labeled the action as "a shock, a surprise, an injustice" and said that on the basis of his record there could be no doubt of his loyalty.

Taft Replies To  
Truman Promise

Washington, Dec. 15 (AP)—Republicans met President Truman's assertion he is taking continued action to clean up the government with demands today for cabinet dismissals, a new congressional inquiry and a 1952 election test of the issue.

Senator Taft (R-Ohio) expressed doubt Thursday that the administration "can ever succeed in reforming itself." Taft, candidate for the Republican presidential nomination, added in a Cincinnati press conference: "Nothing President Truman can do now will prevent indignation of the people at what has already occurred."

## WARRIORS NIP RED LION FOR INITIAL WIN

Gettysburg high school's eagles gained their first triumph of the season Friday night by defeating Red Lion 51-41 in a hard fought game on the Lions' floor.

The heavy snow storm and road conditions delayed the Warriors on their trip and they were two hours late in arriving at Red Lion. As a result it was decided to stage a 10-minute jayvee game between halves. Gettysburg leading 7-5 in the abbreviated contest.

The Warriors did not leave Gettysburg until 6:50 o'clock because the bus which was to take them was delayed on a trip here from Harrisburg. No trouble was encountered in the trip to Red Lion and local officials lauded the driver, Alvin Bupp, for his careful driving under hazardous conditions. Whereas cars were stalled at many spots, the heavy bus went through easily.

It was pointed out today that one reason the trip was made was due to the scheduled formal dedication of Red Lion's fine new gymnasium which seats 1,400. The dedication, however, was called off when only a few hundred fans braved the elements.

Thanks to an 18-point lead piled up early in the fourth period by the Warrior regulars, the reserves were able to hang on to the lead although the Lions rallied strongly at the finish.

The Warriors were held on even terms throughout the first half and at intermission held a scant 21-20 margin. A 15-point third period gave the Pomeys-men a margin they held until the finish.

Dick Harriel and Jack Bream were the big point men for the Warriors, the former landing 19 points and the latter 18.

Gettysburg took a 10-9 lead in the first period via a pair of goals by Bream and single twin-pointers by Skinner, Swope and Williams. Each team collected 11 points in the second frame. Gettysburg's coming on another pair of goals by Bream, two by Swope and a goal and foul by Harriel. Stiller landed three goals for Red Lion and D. Stine two during the stanza.

**Take Big Lead**  
Paced by Harriel who hit for four double-deckers and a foul, the Warriors surged out in front in the third period 36-28.

Both coaches made free use of their reserves in the last quarter, all 12 Warrior squadmen breaking into the lineup.

D. Stine, lanky Lion center, landed a half dozen goals to spark the Red Lion attack.

The Warriors have two games listed on foreign courts next week, playing Delone at McSherrystown, Tuesday night, and York on the Bears' floor Thursday.

## HEAVY SNOWFALL HELPS HUNTERS

(By The Associated Press)  
The special two-day deer season closed today with six inches of snow aiding hunters in their quest. At least two fatalities were reported.

The driving snowstorm which blanketed the state yesterday gave the nimrods something to work with during the day. They could track the doe and have a better chance for the kill.

No statistics were immediately available as to how many nimrods were in the field or whether the kill was heavy or light. The state Game commission usually does not have figures on the kill until after the season has been completed.

A heart attack suffered after he shot a deer killed Grover C. Nicholas, 65, of Jamestown, Mercer county. Frank L. McManus, 73, of Warren died of heart attack after returning from a hunting trip.

Washington, Dec. 15 (AP)—Charles Oliphant testified Friday that Henry W. Grunwald once told him he was helping Senator Bridges (R-N.H.) in a tax case involving another person. Testifying before House tax investigators, Oliphant said the case involved a jeopardy tax assessment against H. H. Klein of Baltimore. Oliphant said Bridges made some inquiries of him about the case.

## Sports Roundup

By RUGH FULLERTON, JR.

New York, Dec. 15 (AP)—Complete of bowl-d predictions by gents who are pretty hep to collegiate politics:

1. That the Southern Conference is heading for a bust-up, possibly as a result of this week's debate over the Maryland-Clemson bowl acceptance.

2. That the business of banning bowls won't even come up for a vote at the NCAA convention, contrary to the conclusions reached by this dept. after assorted official browns on post-season games.

One gent believes several of the bigger Southern Conference schools are willing to let the bowl fall apart because they believe it is too large and unwieldy. They'll get together later and form a compact organization.

**TWO-LETTER MAN**

Four years ago when freshman Art Hudson reported to the junior varsity football squad at Western Illinois State college, he told the coaches and players just to call him "M. V. Hudson." Asked what the initials stood for, Art gagged: "most valuable." Last fall Hudson, as a 190-pound senior fullback, led the Western Illinois team as fullback and was unanimously tabbed for the all-conference team and as the most valuable player on his club.

**WEAK END NOTES**

Four of five starters on the Duke U. basketball team will hail from Pennsylvania and four of 13 members of the U. of Mississippi squad come from one town—Jasper, Ind. Joe Lapchick, who has seen plenty of great pro players, tabs Boston's Bob Cousy as "the greatest single attraction in the game today." After that 21-21 tie between Harvard and Yale, Lloyd Jordan, Harvard coach, claimed the city of Cambridge was divided the "he shoulda" and the "you shoulda" schools of thought. The guys who said "he," Lloyd explained, were the ones who hadn't seen him personally.

## DETROIT NEEDS WIN FOR TITLE

New York, Dec. 15 (AP)—The National Football League winds up its 32nd season tomorrow, with a chance for the Detroit Lions to win their first division crown since 1936. There also is a possibility of a tie which would require a playoff.

Detroit, topping the National conference with a 7-3-1 record, meets the 49ers in San Francisco and a Lion victory would assure them the right to meet the Cleveland Browns in the title game December 23.

Cleveland, the 1950 league champions, clinched the American conference title last Sunday by defeating Pittsburgh. If the Lions can beat San Francisco, they'll meet Cleveland for the championship next Sunday at Detroit.

This might take some doing, for San Francisco defeated the Lions in Detroit two weeks ago, 20-10. Detroit defeated Los Angeles 24-22 thriller, dropping the Rams into a second-place tie with the Chicago Bears.

The Bears meet the Chicago Cardinals at Wrigley field tomorrow, and the Green Bay Packers are at Los Angeles. A victory by Los Angeles and the Bears, plus a defeat for Detroit, would put the Rams and Bears in a tie and force a conference play-off December 23. San Francisco still has a slim chance, with a 6-4-1 record. If both Los Angeles and the Bears lose, the 49ers could tie Detroit for the lead by beating the Lions.

The other teams wind up this way: Cleveland at Philadelphia; New York Giants at New York Yanks; Pittsburgh at Washington.

## MARYLAND AND CLEMSON PUT ON PROBATION

Richmond, Va., Dec. 15 (AP)—The University of Maryland and Clemson college will play in football bowl games on New Year's Day at the cost of becoming athletic outcasts of the Southern conference.

Because they accepted the bowl bids without conference permission, both institutions last night were placed on one-year probation by delegates to the league's most controversial meeting.

The probation forbids any other conference team to meet either Maryland or Clemson in football during 1952 season. Six games thus were removed from Maryland's schedule for next autumn and five from Clemson's.

**Loss Voting Rights**

In addition, the punishment—inflicted by a 12-5 vote after stormy debate—deprives the two colleges of any vote in conference matters during the calendar year 1952.

Officials of both "untouchable" institutions said they were profoundly shocked at the conference action. But they said they expect little difficulty in filling the gaps in their football cards.

"We can find four or five, easy," said Frank Howard, Clemson coach, whose team will play in Jacksonville's Gator Bowl on Jan. 1 against Miami (Fla.) university.

"I don't think we will have much trouble," remarked Dean Geary Epley of Maryland. Maryland faces Tennessee in the Sugar Bowl.

The two colleges, Maryland and Clemson, were still unrepentant after probation had been ordered.

## KID GAVILAN WINNER ON TKO

New York, Dec. 15 (AP)—Cuban Kid Gavilan plans to follow up last night's stunning technical knockout win over Walter Cartier with a Miami defense of his welter title against Bobby Dykes.

Dykes and Gavilan are already signed, said Al Weill, International Boxing club matchmaker. "Jim Norris (IBC president) is going down there today to complete arrangements." The tentative date of the Miami match is late January or the first week in February.

As for Charles Humez of France the European champ, Gavilan said "I will fight him. I will fight anybody."

Angel Lopez, Gavilan's manager, claimed he had no word from the National Boxing association about forcing the Kees to sign for a defense within 10 days. Humez might come next, if anything goes wrong with the Dykes match, but in New York. No Paris for Gavilan.

Some 6,253 fans braved snow and rain, paying \$23.67 to see the non-title match between Gavilan and Cartier, a heavy punching middleweight from New York's Greenwich Village. Trailing on the cards of two officials, Gavilan staged a blazing rally to win on a technical knockout over blood-spattered Cartier in 1:31 of the tenth round at Madison Square Garden.

## PENN PUSHES BATTLE ON TV

New York, Dec. 15 (AP)—The University of Pennsylvania will carry its fight for uncontrolled television of college football games onto the floor of the National Collegiate A. A. convention at Cincinnati next month after suffering a setback in the Eastern College Athletic conference meeting here.

Penn's proposal that ECAC members should be permitted to make their own television arrangements was tabled when it was presented to the conference meeting yesterday. Shortly afterward a resolution by the conference television committee, which said essentially that the colleges should wait until the NCAA reaches a decision, was passed by the end of a five-hour session.

Although they postponed definite action on television, asking only that the members make no commitments until the NCAA takes final action, the eastern colleges adopted a threatening attitude in a resolution which said in part that they would not engage in competition with any colleges which does not conform with the NCAA plan when it is formulated.

The long TV debate came after the conference had expressed disapproval of football bowl games and of post-season championship contests not operated by collegiate groups; had approved a committee to study practices on such things as length of seasons, out-of-season practice, etc., and had made minor changes to tighten up its eligibility rules.

Washington, Dec. 15 (AP)—Charles Oliphant, resigned chief counsel of the International Revenue Bureau, admitted Friday he tipped off T. Lamar Canale that his income tax returns were under investigation by Senator John Williams (R-N.H.). He conceded to a congressional committee that he let a tax prosecution case drop at the behest of a congressman. He said he did it despite word from his own boss that the case should be pressed.

**CHRISTMAS PARTY PLANNED**

The Brushtown Athletic association and its auxiliary will hold a Christmas party Sunday at 2 p.m. in the new association building for members and their families. There will be an exchange of gifts among the adults. Santa will distribute treats for the children. A paper bag social also is planned.

Radioactive cobalt is sometimes substituted for radium in medical treatments.

## BULLET TILT, 4 MORE CALLED DUE TO STORM

Gettysburg and Hofstra colleges' unbeaten basketball teams failed to get together for their much anticipated game Friday night here, traveling conditions preventing the visitors from reaching town until late in the evening with the result the game was cancelled.

Traveling in three autos, the Flying Dutchmen became stymied on the hill south of Dillsburg. One car load managed to get through and reached Gettysburg at 8 o'clock. However, the other two cars could not get here until 9:35. A number of the players showed the effects of having been forced to push their cars from slippery spots.

This morning at 9 o'clock the Bullet squad left for Pittsburgh to meet Carnegie Tech's fine outfit tonight.

Hofstra also left town this morning to keep an engagement with the University of Virginia at Charlottesville.

Four other games of local interest were cancelled due to the snow-storm and traveling conditions. Included were Delone at Hanover; East Berlin at Spring Grove; York Springs at Shippensburg; and Bridgewater college at Mt. St. Mary's.

The Gettysburg-Navy practice wrestling bouts scheduled to be held at Annapolis this afternoon were called off this morning.

## N. O. DRIBBLERS DROP 2 GAMES

New Oxford high got off to a whirlwind start but fell apart in the second period and lost a 50-45 decision to the North York high dribblers Friday night at North York.

Coach Marty Fiegall's lads led 16-12 at the close of the first period but then folded and trailed 33-21 at half time. New Oxford rallied strongly in the last half but could not overtake its opponents. New Oxford caged but 11 of 24 fouls while North York made 14 of 21.

Fridinger paced the losers with 13 points while Kinnard collected 24 for the victors.

North York took the preliminary game 43-31.

## Attorneys Block Basketball Probe

Lexington, Ky., Dec. 15 (AP)—How to induce some University of Kentucky players to testify they were in a basketball fix puzzled investigators from the New York district attorney's office today.

Vincent O'Connor, assistant district attorney, announced last night that "other" U. K. players are involved in a scoring fix, presumably in a game played last season.

But the players have attorneys who won't permit them to be questioned by O'Connor because O'Connor has no warrants for their arrest and no proof they are involved. The attorneys are John Young Brown, a former U. S. congressman, and Elmer

## JOAN BENNETT'S AGENT SHOT BY HER HUSBAND

Beverly Hills, Calif., Dec. 15 (AP)—Before the horrified eyes of his wife, Joan Bennett, Producer Walter Wanger shot down her agent in a parking lot Thursday night "because he broke up my home."

The greying moviemaker approached the pair as they were chatting and without saying a word fired two shots from a .38 caliber pistol at point blank range.

The agent, Jennings Lang, 39, was seriously wounded in the groin and leg and underwent surgery lasting an hour and a half. Miss Bennett said she and Lang had been together on business during the afternoon. She denied any romantic interest in him.

### Held in Jail

Wanger was booked on suspicion of assault with intent to commit murder. He spent the night in jail and was to be arraigned later on a similar formal charge or one of assault with a deadly weapon.

A bullet ripped through the left front fender of Miss Bennett's green Cadillac convertible. She was sitting in the car when the gun roared, about 5:30 p.m., in a parking lot across the street from the Beverly Hills police station.

Lang was standing by the car, talking to her. He doubled over, clutching at his abdomen.

Chief Anderson quoted Miss Bennett as saying she told Wanger: "Get away and leave us alone." She told the police chief that her relations with her agent were purely business.

## WANTS "TOUGH" FOREIGN POLICY

Los Angeles, Dec. 15 (AP)—This country needs, says Sen. Joseph McCarthy, is a "get tough" policy and a man who could supply it is Gen. Douglas MacArthur.

The Wisconsin Republican told a cheering crowd of 4,000 Thursday that American needs the kind of two-fisted diplomacy once exerted by Theodore Roosevelt. He added: "That is the kind we'll get if we have a President cast in the mold of General MacArthur."

McCarthy spoke in Hollywood's American Legion stadium to a rally of "Americans for MacArthur," including more than 500 delegates from western states other than California. On stage with the senator were actors Dennis Morgan and Adolphe Menjou.

The senator did not come out flatly in support of MacArthur. He said earlier at a press conference that his presence on the program had "no special significance." Asked if he would address groups supporting Sen. Robert A. Taft for the GOP presidential nomination, he replied: "I'll wait until I get an invitation."

McCarthy derided the "perfumed letter diplomacy" of the present State department and again lambasted two of his favorite targets—Secretary Dean Acheson and UN Delegate Philip C. Jessup.

"Acheson should sign his own resignation and get out," McCarthy shouted after recapping the case of John Service, State department Far Eastern expert ousted a few hours earlier as a "doubtful loyalty risk."

## Ask Sweden About Inspection Duty

Stockholm, Sweden, Dec. 15 (AP)—The United States has officially asked Sweden if she is prepared to join a neutral inspecting commission in Korea, the Swedish foreign ministry said today.

The American request was made in Washington by U. S. Assistant Secretary of State John Hickerson in a conversation with Swedish Ambassador Eric Boheman Thursday, the ministry added. Communist negotiators discussing a Korean truce have proposed the truce be inspected by neutral observers.

Brig. Gen. William P. Nuckolls, a U.N. spokesman at the truce talks in Munsan, Korea, said today the U.N. has shown a willingness to accept the neutral inspectors.

The foreign office declined to make any comment on its announcement. A spokesman said no decision has been made so far. He added that the entire question will be discussed by the government.

Judging by accident statistics the business of trying to pass other cars on hills and in traffic is no way to get by.

### Two-Man Team Savings

While it may look as if having two mechanics working on your car at one time and on the same job will run up the bill, actually this is an economy move if one of them is an assistant and they are schooled to work in harmony. A recent bread-down of jobs has shown many advantages to the two-man service operation, the assistant doing a number of the simpler operations which leaves the more experienced mechanic time to concentrate on the important features of the job. It means that you get your car sooner.

If a brake job the assistant can raise the car take off the wheels, drums, shoes and wheel cylinders, and clean all the parts. He can do the flushing and removal and re-filling of the master cylinder. He can put the wheels and drums back on the car again. Following close behind him the mechanic is then free to turn the drums, relime the shoes, overhaul the wheel cylinders and master cylinder, install and adjust the brake shoes and give the whole job that magic for which he is probably famous locally.

### Odd As It Seems

When a friend of mine discovered that the directional signals on one side of his car were misbehaving he thought he was on the right track in suspecting the flasher because the lights flashed too rapidly. However, a new flasher failed to cure the trouble. At this point he called in a good electrician who quickly reached the conclusion that the system wasn't properly grounded. Wedging a screwdriver between one of the lamps and the fender brought the signals into normal action again and reduced the flashing rate. Satisfied that his diagnosis was right he then drilled a small hole into the lamp edge and the fender and inserted a small screw. It made an excellent ground.

### Two To Remember

Often the radiator isn't sufficiently filled. The level should not be higher than two inches below the overflow pipe, but some large radiators can take a pint or so of water before there is noticeable rise in level. This difference in coolant will be quite a factor in the engine's thermal condition.

Brake trouble often is due to the lining being compressible. It thus has a tendency to swell. This makes it necessary to adjust frequently.

### Mechanic Joe Speaking

"Timing continues to be one of the most important points about service on a car, yet few owners appear to realize it. Every now and again I am called on to start up a motor that wouldn't crank because its battery was given a drink the night before. Best time to add water is after the engine has been running and before the car is to run for awhile longer.

"The carburetor should be adjusted only when the engine is well warmed up. Oil should be drained when hot. Brakes should be adjusted at room temperature. Check tire pressures cold. Keep the gas tank filled in cold weather."

### Ignorance Doesn't Pay

Cars can play strange tricks on the unsuspecting and I know no better illustration than the case of a reader who tells me that he is never bothered to any great extent by "pinging" of the motor. When warned that the excessive fuel detonation might easily crack a piston, he

tossed the possibility aside as being a little farfetched. After all, plenty of other cars were knocking their heads off and he failed to find more than the usual number of tow cars on the road. So far he seemed to be winning the argument. Then, just as he really needed power and performance, one of the spark plugs cracked up under the strain of detonation. Worst of all he thought a valve had gone bad, postponed a trip which he could easily have taken had he merely had someone check the plugs.

### Trapped Into Slapping

Something few observers of the motor scene seem to consider is the effect of timing on mechanical weaknesses of the engine. Playing around with an engine that had a slightly loose piston I noticed that if I advanced the spark just a shade too much the piston would slap for a much longer period during the warm-up and more sharply. This occurred without any trace of ping-ing. Too early combustion of the gas mixture in the affected cylinder resulted in catching the loose piston between the upward thrust of the shaft and the downward thrust of the expanding and burning gas vapor.

### Something In the Wind

The insurance world doesn't seem to be too conscious of it but there is an accelerated feeling among the rank and file of conscientious drivers that something will have to be done to separate the sheep from the goats. Too many careful drivers are being penalized for the antics and sheer folly of those who are causing most of the accidents and fatalities. Increases in insurance rates for all car owners doesn't help the situation any. The burden is beginning to hurt.

In this connection I am told that a western insurance company now writes policies only for teetotalers.

One of my readers tells me that he has been getting exceptionally good gas mileage from his car and believes this is due to the fact that it rolls quite easily. In fact, he has never had a car that could be rolled with so little effort when on level ground with the hand brake released. What this means is that the wheel bearings are in good condition, and that there is no brake drag and that the rear end has the right grade of lube for the season of year. He doubtless keeps the tires properly inflated, too. It all helps.

### So That Was It

My thanks to J. J. C. for letting me know that a little tip I passed along helped him solve most annoying stalling of the engine. For an entire month he had been trying to figure out why the engine would stop for no special reason and then go into action again as if everything had been ironed out. In this period

he had replaced the breaker points, condenser, coil, fuel pump and had subjected the motor to various tests. Then it was that I suggested he consider possibility of a broken pig-tail wire in the distributor. This little wire takes a lot of flexing as the distributor plate moves through an arc to retard and advance the ignition. It often breaks inside its insulation.

### What's Your Trouble?

Q. I have just had to replace the muffler on my car and have been told that mufflers do not last as long on cars with overdrive. Is this correct? H. K. N.

A. It's news to me. Your informant may believe that condensation is not driven from the muffler so freely when the engine "loafs" more, but I question this. Many original mufflers give up the ghost because they are not of heavy enough stock. Q. I am having trouble with head-lights burning out although the generator's charging rate isn't too high. Have also checked the system for loose connections. G. McB.

A. A low level of electrolyte in the battery will sometimes have this expensive effect. Add water more often. Q. For some time the idling of my car's motor has been very poor. We've replaced the carburetor and have done a lot of checking of valves, timing and ignition. It still seems to be a fuel condition. Anything you suggest will be tried. H. H. F.

A. Have you considered the possibility that the heat riser tube may be burned through? This would cause the incoming mixture to be diluted with exhaust gas.

Q. Before replacing the muffler on my car I could run 30 miles an hour with ease in second gear. Now I find that the car seems to have a definite top in second of around 23 miles per hour. The engine just races at this speed and the car doesn't go any faster. Do you think this is just a coincidence or do you believe that the new muffler has something to do with it? R. H. R.

A. Sometimes an undersized muffler or one of incorrect design for the particular engine will slow things down, but not to this extent. I believe that the clutch is slipping. Try the test of running the motor outdoors, setting the hand brake, shifting to low and slowly engaging the clutch while feeding gas. If the engine stalls the clutch isn't slipping.

Q. For a month I have been having trouble shifting gears. That is, the shifts are not made as easily as before. When going downhill, and shifting from high to second, I have found it necessary to double clutch as we did in the old days before synchro-mesh gears. G. J.

A. There's a good chance that the

transmission needs a good cleaning. Drain off the old lube and put in some flushing solution. Then drain, refill with winter lube and try it.

Q. I have been told to wash the battery posts with vinegar to check corrosion. Have you a better remedy? H. D. C.

A. A lot better. Use ammonia, then apply a thin layer of vaseline. Tighten the connectors firmly after this treatment. If the battery gases a lot the current regulator may need checking.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern street, West Hartford 7, Connecticut, and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

## State Employees Get Pay Increase

Harrisburg, Dec. 15 (AP)—Some 33,493 state employees had a Christmas present today from Gov. John S. Finn. The present was a 10 per cent cost of living salary increase. The governor's office, in a statement last night, said the increase

would be retroactive to July 16 and was made possible by the passage of the biennial tax program in the General Assembly. About 27,000 other state employees paid from special funds have already been granted pay boosts.

The latest increase applies to all departmental, independent, administrative boards and commissions and institutional employees under

the governor's jurisdiction, whether they are on a salary, hourly, or per diem basis.

The statement said "every effort is being made to pay the increase by Christmas."

The turban was a favorite head covering of many ancient peoples, including the Armenians, Babylonians and Phoenicians.

**Today's Talk**  
By GEORGE MATTHEW ADAMS

**THE LITTLE COURTESIES**

To me the little courtesies of every day life grow bigger the longer I live. Their significance is striking when we find these courtesies where we least expect them. You see we look for them as a matter of course among those of our kind, but even there they are all too many times lacking so that when we discover them otherwise, their importance is emphasized and we are made to feel our own sense of neglect.

The cheerful "Good Morning" and "Good Night," the "Thank You," the "Please," and the "I'm Sorry"—each weaves itself into a kindly fabric of character conduct. Courteous waiters in an eating place, clerks in a store, or salesmen on the road, all carry with them and their personalities, something that invites or repels, something that marks them for advancement or something that makes up a loss to those whom they serve.

In St. Louis there is a great department store that celebrates each year its "Courtesy Day"—and I am of the opinion that such a store can be depended upon to celebrate such a day every day of the year. I believe on that day every employee wears a white carnation! The further to emphasize the importance that this store places upon courtesy.

We never know when we are serving someone of great importance. That's why we should be courteous to all, no matter how humble that person might appear. I recall the instance of a wealthy New York man who visited a boy's camp, and the boys were so nice and kind to him—he was a cripple by the way—that when he got back to his home he made out a check to build a new boy's house, and for some other things that the camp seemed to need, in appreciation for the courtesies rendered him on his visit.

Many a business has been built to great success with little more than courtesy as an initial capital. We return, again and again, to the store where we are treated with courtesy, and tell others to trade at such a place. Courtesy is contagious, too!

**SILVER STAR FOR GALLANTRY TO PENNA. OFFICER**

With the 24th Infantry Div. in Korea, Dec. 15 (AP)—Capt. Horace W. West of Hall Square, Nazareth, Pa., who refused to leave his men although wounded nine times, was recently awarded the Silver Star for gallantry in action.

Capt. West merited the nation's third highest combat decoration while serving as commanding officer of the 5th Regimental combat team's Company A.

On April 25, Company A was ambushed in the vicinity of Pisuig, Korea. Captain West ordered his men from their trucks and led an assault against Communist forces dug in on ridges overlooking the road. The attack failed and the company was forced to withdraw after inflicting heavy casualties on the enemy. Twice wounded and bleeding profusely, West ordered a defense perimeter established. As Red forces counter-attacked down the ridge, West suffered seven more wounds while directing the defense. He refused medical aid and continued fighting until several of his men overpowered him and removed him from the battle area.

His citation concludes: "Captain West's intrepid leadership, selfless devotion to duty and indefatigable tenacity in the face of overwhelming odds reflect the highest credit on himself and the United States Infantry."

His wife, Marguerite, lives at the Nazareth address.

**JOHN SERVICE IS FIRED BY U. S.**

Washington, Dec. 15 (AP)—John Stewart Service, long a controversial figure in American diplomacy and a target of pro-Communism charges, was fired by the State Department Thursday. The department acted after the government's highest loyalty review board ruled there was a "reasonable doubt" as to his loyalty.

The ruling, dating back to the famous "Amerasia" case of 1945, was based on the board's finding that Service gave secret documents at that time to a magazine editor the board said Service suspected of Communist leanings or connections.

In reaching its decision, the review board reversed a finding of a State Department's own loyalty security board which had been favorable to Service on the basis of the same evidence.

A State Department announcement of the dismissal, which becomes effective at the close of business today, expressed no agreement with the review board's conclusion. It made clear that the department had no choice in the matter in view of that conclusion.

Service himself labeled the action as "a shock, a surprise, an injustice" and said that on the basis of his record there could be no doubt of his loyalty.

Workers group of the Chestnut Grove Lutheran church who gave a Christmas party there this week for members of the church and Sunday school.

Mrs. Rheta Dick Morthland, near here, has been among a party of relatives who have been on a motor trip to Florida for a visit of several weeks.

**East Berlin**

East Berlin—Mrs. Annie Livingston, who resides with her son-in-law and daughter, Mr. and Mrs. Mervin R. Lau, entertained there this week at a meeting and Christmas party for a group of members of St. John's Lutheran Sunday school, Hampton. During the meeting, a gift was presented the class teacher, John Chronister, in token of appreciation for his many years of service.

Improvement is reported in the condition of Mrs. Chester W. Zeigler, York, who formerly resided here. Mrs. Zeigler, who was seriously ill for more than a week, remains confined to her room.

Mrs. Lewis Dodson has been visiting in York at the home of Mrs. Estelle Myers.

The annual Christmas candlelight service of Trinity Lutheran church is scheduled for Sunday evening, December 23, combined with a White Gift service when each church organization is preparing to present a cash gift to their church.

Plans are being made for the wedding at Trinity Lutheran church during the holiday season of Miss Mary Rebekah Jacobs, daughter of Mr. and Mrs. Mervin D. Jacobs, Sr., R. 2, to Warren Miller, Sayre, Bradford county. Miss Jacobs is a librarian in the public school system of Baltimore where her prospective bridegroom is a teacher.

The catechetical classes of young people preparing to join Trinity Lutheran church will meet each Saturday at 2:30 p.m. beginning Saturday, December 29, and continuing until the confirmation services during the Easter season.

Martin L. Kunkel, 12, son of Mr. and Mrs. Franklin S. Kunkel, is preparing to have his detailed Christmas garden display again this year. The boy's exhibit lasted well into January during the past two holiday seasons and attracted scores of visitors.

"Second Chance," the motion picture released by the Protestant Film association, was shown Tuesday evening at the Trinity Lutheran church building for members and friends. Another film with a sacred theme, entitled "All I Have," will be shown at the church rooms before the end of December.

Mr. and Mrs. John L. Burgard will mark their 60th wedding anniversary on Sunday at their home, but the celebration will be quiet because of Mr. Burgard's recent severe illness when pneumonia developed after he fell near his home a few weeks ago. The 83-year-old lifelong resident of this section is now able to be downstairs but must remain at home for a time. The couple's six children, Lavere Burgard, East Berlin; Charles W. Burgard and Mrs. Maurice L. Wehler, York; Mrs. Harry Baker, Dover; Mrs. Norman Wolf, New Oxford; and Mrs. Paul Newman, Hanover, have arranged for their friends and neighbors to send the couple a shower of greetings and good wishes.

Mr. Burgard was married to Miss Lillie Baker, a daughter of Absalom Baker, York county, on December 13, 1891, by the Rev. Peter Brown, East Berlin. In addition to their children, they have eight grandchildren and some great-grandchildren. Mr. Burgard retired in recent years from his trade as a mason.

Judy Rose Herr, five-year-old daughter of Mr. and Mrs. Ralph Herr, is able to be about although suffering with a cut on her forehead and bruises about her eyes, sustained when she was struck by a car Monday evening when she reportedly ran after another child into the street in front of her home at the square.

A party of local relatives who made a trip to York on Wednesday included Mrs. Lester Myers, R. 1; Mrs. Ralph D. Myers, R. 2; Mrs. Charles Myers and Mrs. Jacob Hollinger.

Mrs. George W. Moul was ill at her home during the past week.

Mr. and Mrs. Lewis L. Jacobs have returned home after a recent trip to Philadelphia where they were among those attending a convention of ice manufacturers.

**Longer Holiday Leaves State-side**

Washington, Dec. 15 (AP)—The Defense department's Christmas gift to state-side servicemen: A broader holiday leave policy because of the travel rush.

Previously-announced leave periods—for air force, army and navy—were fixed between December 22 and January 6.

Under the new policy, base and post commanders were told they could start leaves earlier and end them later. Length of leaves was left to their discretion.

The order applies only to men serving in the U.S. Those headed overseas, however, get special consideration.

**undermining confidence in government.**

He termed the critics "disciples of doubt—trying to sneak into office in a cloud of negative criticism." He attacked them for "belittling every constructive thing accomplished by the government of the greatest nation on earth."

"In their frenzied scramble for power," McKinney told some 2,000 midwest party leaders at a \$100-a-plate fund raising dinner, "they are resorting to tactics which are undermining confidence in government."

McKinney made no direct reference to disclosures of alleged scandal among administration office-holders in Washington, but he told the party members "the Democratic party is not tolerant of corruption."

**House Damaged 16th Time In 15 Years**

**Huntington, W. Va., Dec. 15 (AP)**—With a sigh of resignation, Robert Turner today began planning repairs to his unlucky house on 13th avenue which has been hit by motor vehicles 16 times in the last 15 years.

The latest bit of misfortune occurred Thursday night when a runaway truck butted another car into the anatomy of the Turner residence. Part of the porch was demolished. A passenger in the truck, Charles Pauley, 26, of South Charleston, W. Va., is in serious condition in a Huntington hospital.

The less seriously injured driver, 34-year old W. J. Vickers, of Elkview, W. Va., has the dubious distinction of being the 16th motorist to smash into the well-scarred house.

A murrelet, ancient species of small water bird that lives in the far north, was recently found near Bend, Ore. It was the first of the species ever to be reported alive in Oregon.

# SANTA and the MAGIC MIRROR

by LUCRECE HUDGINS

The Peeped Out From Behind the Draperies and Santa the Giants Striding Towards Them.

SYNOPSIS: Belinda and Tommy set out to visit the Horrible Hobbits. Santa lends them a sled and whistles two magic words in their ears: one to make the sled go swiftly to the Hobbits' castle and the other to get them swiftly up a chimney. Away they go, and soon the Hobbits' castle of the Horrible Hobbits stands before them.

Chapter II

THE STRANGE ROOM

Never had the children seen a building so dark and gloomy as the Hobbits' castle at the foot of the hill. "I can't help being afraid," whispered Tommy as he stared down at the place.

"I feel the same," said Belinda. "But it must be all right or Santa would not have let us come."

"Anyway it's too too late to turn back now," sighed Tommy.

He was right for the sled was zooming down straight to the door of the castle. When they stopped they were instantly surrounded by seven giants. They were twice as large as ordinary men and what was even more fearful, ten times as ugly as the ugliest of creatures.

The children trembled and clung to one another not daring to speak. For a long moment there was not a sound. Then one of the giants opened his mouth and thundered:

"Cook my goose! What extraordinary visitors!"

"Hush your loud mouth, Walter!" ordered a second giant. "You are frightening the little things."

"I was just so glad to see them," protested Walter. He turned his voice down as soft and low as he was able and said, "Oh, I just love

visitors!"

So do we all," and the other giants. "Do come in and visit with us."

The giants led the children into the great castle. It was as cold and gloomy inside the castle as it was outside, but the giants themselves were cheerful and pleasant.

All the giants were, in fact, so kind and so eager to please that Belinda and Tommy soon forgot their fears. In a little while they no longer noticed the giants' ugly faces. All that mattered was their kindness.

"Oh, you are good!" Belinda suddenly burst out.

"It's fun to be good," agreed the giants.

"But, Santa says you were not always like this," said Tommy shyly. "He says you used to be mean—and not so long ago either."

"Oh, my!" groaned Walter. "I can't bear to think of how mean we used to be!"

Belinda leaned forward. "Do please tell us," she begged. "What caused you to change your ways?"

"You see," put in Tommy, "if you tell us your secret we will tell it to my father and then perhaps he will become kind and have Belinda's father freed from jail."

But the giants said they did not know the secret. They had visited one morning at the Frozen Pond of Winnie the Witch and from that day they had found on pleasure in being mean.

"Sometimes, though," said Walter, "we feel the old meanness coming back. We go off alone for a few minutes and the mean feeling passes.

## KOREAN-YANK BABY AWAITS FIRST XMAS

For tiny less than a month-old Patrick Carroll James, better known as "Sam," this Christmas, his first, will be a sort of international event. "Sam's" father, T-Sgt. Fred Oliver Theodore James, at 23, is a veteran of seven years service with the air force, including five years in the Japan-Korea area. The baby's mother is the former Miss Hisako Momi, 24-year-old daughter of a Japanese couple who were driven out of Korea by the invasion of the North Koreans. Mrs. James is a native of Seoul. Her husband, who met and married her in Japan, also lived in Seoul as an air force soldier until his outfit was driven out by the Communist forces.

Arrives Before Dad

Tiny Patrick Carroll was born at the Warner hospital here November 21 at 3:41 p.m., arriving less than two hours before his father arrived from an air force station in New Jersey.

The baby, whose parents were separated by half the world until the Korean incident, will probably be reared as a farmer. Sergeant James plans to secure his discharge from the air force and join his father, Carroll James, Littlestown R. 1, about two miles from Littlestown on the Gettysburg road, in place the January refreshment committee.

The Christmas party planned for the children's Sunday school department of St. John's Reformed church for Friday evening was postponed due to the weather conditions. The party will be held Sunday afternoon at 3:30 o'clock in the social hall of the church. A program will be presented and each child will receive a treat.

dairy farming. Grandfather James, a dairy farmer for many years, is now working as a mechanic at the Village Chevrolet at Littlestown. He plans to leave the garage business and re-enter the dairy business with his son as partner. Sergeant James, who entered the air force at the age of 16, was a farm youngster.

The baby, Patrick Carroll James, is named for two air force buddies of his father's. The nickname of "Sam" is from another.

Named For Buddies

For the Korean-born Japanese bride of Sergeant James, America is proving a wonderful place. She and her husband arrived in the U. S. September 18.

The differences she has found have been many and wonderful, she says. One of the biggest differences was noted when she was at the Warner hospital with young "Sam." In Japan, she recalls, the patients have to provide someone, either a maid or some member of the family, to change their beds, wash them, cook their meals and provide all of the other requirements other than medical.

She told her relatives here that it "just didn't seem possible" that nurses would take care of every need and food would be served at a hospital.

## Ask Study Of State's Insurance Practices

Harrisburg, Dec. 15 (AP)—A legislative request for a study of commonwealth bonding and insurance practices came Friday in the wake of a Senate investigation into bribery charges.

The request was made in a resolution introduced by Sen. Joseph J. Vosko (D-Northampton). It called for an intensive survey of all insurance and bonding matters affecting "public agencies and officials."

The resolution said such a study would be timely in view of recent charges by Sen. John J. Haluska (D-Cambria) that he was offered an insurance business on 50 state jobs to support the abandoned income tax bill.

Haluska made the charge Tuesday before a Senate investigating committee.

It was decided to hold a covered

dish supper in conjunction with the February meeting, at the post home on February 14. The guest package was contributed by Mrs. Mary Reigle and was received by Mrs. Mildred Weaver. The president extended her thanks to the members for helping to make the annual auxiliary Christmas bazaar and food sale so successful, and also for their assistance with the Christmas party for their families held recently. A note of thanks was read from one of the gold star mothers.

It was announced that the quarterly meeting of the 21st District of the VFW and the auxiliaries will be held on Sunday afternoon at Mt. Wolfe with the Mt. Wolfe Post No. 2493 as the host group. If the weather is satisfactory, the members will leave for Mont Alto at 5 p.m. from the post home. If members are in doubt about plans, they should call Mrs. Helen Garner, the hospital chairman, to find out if the trip will be made. The next regular meeting of the auxiliary will be held Thursday, January 10, at the post home.

The Christmas party scheduled for Friday evening for the members of the Sunday school and church of the Centenary Methodist church was postponed due to the weather conditions. The party will be held Monday evening at 7 o'clock in the Sunday school room.

PIPER WORKERS  
BACK ON JOB

Lock Haven, Pa., Dec. 15 (AP)—Union employees of the Piper Aircraft Corp. were back at their jobs Friday after an eight-hour walk-out in a wage dispute.

The members of the AFL-International Association of Machinists left their jobs yesterday in protest over failure of the Wage Stabilization Board to give immediate approval to a company granted wage boost. They later voted to return to their jobs after management and union officials flew to Washington to confer with WSB officials.

At Washington, WSB officials said additional information from Piper and the union was needed before a final decision could be made in the wage matter.

The union recently accepted a nine-cents-an-hour increase offered by the company last May. Piper employees now receive an average hourly wage of \$1.25.

Music Teacher Is  
Killed In Crash

Bloomsburg, Pa., Dec. 15 (AP)—Mrs. Margaret Kindig, 38, a music teacher of Denton, Pa., and former resident of Williamsport, Pa., was found dead yesterday in her car which was overturned in Fishing creek.

The car was discovered by Arley Meaker, Denton chief of police, about ten miles north of Bloomsburg. He had been leading a search party organized after Mrs. Kindig was reported missing from her home.

Mrs. Kindig, a widow and mother of four children, had been Christmas shopping in Bloomsburg during the afternoon, Meaker learned. Officials were unable to determine how her car tumbled over a 30 foot embankment next to the creek. She is survived by her children, Robin, 13; Warren, 12; Johnny, 10; and Peggy, nine.

DEMOCRATS  
THREATEN NEW  
"ROAD BLOCK"

Harrisburg, Dec. 15 (AP)—Senate Democrats threatened today to block action on appropriations should Republicans backtrack on a tentative compromise on the Philadelphia city-county consolidation dispute.

Sen. Samuel G. Neff (D-Beaver) says he has enlisted the support of the 20-member Democratic minority to hold up appropriations until the unification bill is through the Legislature.

Republicans and Democrats reached a tentative compromise last night on a GOP-sponsored bill which is intended to freeze hundreds of Republican county employees in their jobs under city-county consolidation.

Under the new plan, the mechanics of consolidation would be left to a 10-man commission whose recommendations then would have to be ratified by Philadelphia voters in a special election.

Gov. John S. Fine would name five members to the commission. The remaining five would be chosen by Democratic Mayor-elect Joseph S. Clark.

A huddle between Senate Republicans and Democrats last night brought about an agreement that ended a paralysis of Senate law-making activity. Democratic filibustered for five hours and enforced a long silence on other Senate legislation before the agreement was reached.

Meanwhile, the Senate was expected to involve itself in more time-consuming debate on another issue—congressional reapportionment.

Amendments adopted by the Senate last night would lop off a district in Philadelphia in addition to the seats of Rep. Vera Buchanan, McKeesport Democrat, and Rep. Joseph L. Carrigg, Susquehanna Republican.

The amended bill, in position for Senate debate, would merge the districts of two Philadelphia Demo-

crats, Reps. Earl Chudoff and William T. Granahan.

And it is written to jeopardize re-election chances for Reps. Harry P. O'Neill, Scranton Democrat; James F. Lind, York Democrat; and Herman Eberharter, Pittsburgh Democrat. Vice Chairman A. H. Letzler (R-Clearfield) of the Senate reapportionment committee said, however, the entire proposal was subject to change.

1st Saturday Session  
Pennsylvania must reduce its congressional delegation from 35 to 30.

because of population changes uncovered by the 1950 changes.

The pressure to knock out a Philadelphia district came from rural senators who were fearful of previous plans to eliminate a district in either central or southwestern Pennsylvania.

As the Senate met in its first Saturday session of the 1951 Legislature, lawmakers eyed the calendar anxiously for adjournment. It was nip-and-tuck as to whether they will be able to meet their December 22 adjournment deadline.
